

For the aged of 60 or older

As mentioned above “Side effects of yellow fever vaccine”, the aged of 60 or older are more likely to have severe side effects. The aged people are supposed to fully understand the risk before making the reservation.

We may not recommend (may decline) the vaccination according to vaccinee’s age and disease conditions.

For more details, consult Chubu Airport Quarantine Office.

Guardian's Agreement when a vaccinee aged of 16 or older and younger than 18 comes alone

When a vaccinee aged of 16 or older and younger than 18 on the date of vaccination comes alone without accompanying guardian, it is required to bring following “Guardian’s Agreement” document, as well as the vaccinee to speak Japanese completely in order to smoothly communicate about medical issues.

※ When guardian accompanies vaccinee, Guardian’s Agreement is not required.

1 Guardian’s Agreement

- ☛ Download PDF ” Guardian’ s Agreement” and print it out

2 How to fill out

- ☛ There are both of columns to be filled in by guardian and columns to be filled in by vaccinee. You can find how to fill out in the above PDF.

Both of guardian and vaccinee require to put signatures by each of themselves.

3 Bring the original document

- ☛ Bring the signed original agreement document on the date of vaccination; photocopy or printed version is not acceptable.

If guardian distantly lives from vaccinee, mail the document to vaccinee in advance in order that vaccinee brings it on the date.
